Under Fire of British Criticism

Views of Ellis Island

The famous Ellis Island receiving station for aliens came in for some sharp criticism recently from Ambassador Geddes of Britain, who declared in a note to Foreign Minister Curzon at London that the quarters provided for foreigners while they are being examined by immigration officials are un- sanitary and too cramped. The main building at the island is shown above and below it is a scene in the amusement hall at the island where the prospective Americans are provided with entertainment.

WASHINGTON, Aug. 16.—Considerable surprise was manifest in high official circles today at the action of the British government in making public the report of Sir Auckland Geddes, Ambassador to the United States, concerning asserted conditions at Ellis Island.

Regardless of what conditions may exist at Ellis Island, it is declared, it is hardly the function of the Ambassador of Great Britain to the United States to give directions to this government as to how it shall conduct its own internal affairs.

Suspensions were expressed that the whole matter of the publication of the observations of Lord Curzon was due to the fact that the British government is disturbed at this time because of the tendency of the observations of the British Ambassador to the United States.

Numerous speeches delivered in the House of Commons and under- standing of the government policy with regard to immigration have made it perfectly clear that the British people are deeply alarmed lest the flower of their young manhood shall be drawn to the United States, rather than to the British dominions of Canada, Australia and New Zealand.

There is no tendency among officials to dispute the accuracy of the observations of Sir Auckland Geddes concerning conditions at Ellis Island. Department of Labor officials, however, were quick to point out that in making public this report, the British government has failed to recognize the fact that the government of the United States is not called upon, under existing international practice, to maintain Ellis Island at all. All other countries of the world, it was asserted by a high government official, require the steamship companies bringing in immigrants to take full responsibility for them until they are definitely rejected or accepted.

The cost of this service as now maintained by the government at New York, Boston, New Orleans and other ports, is in excess of \$1,000,000 annually. This cost constitutes virtually an American subsidy of foreign shipping.

TOY GIVEN VIEWS
NEW YORK, Aug. 16.—Al- though refusing to comment di- rectly on the charges made by Ambassador Geddes in a report published in London yesterday as- sailing conditions at Ellis Island, former Commissioner of Immigration Robert Todd Imboden today said that he considered Sir Auckland's attacks unjustified. Tod returned aboard the President Wilson to- day.

Tod said he had not read the charges made by the British Am- bassador. He admitted that im- provements at the island were pos- sible but apparently did not agree with Geddes's sweeping condem- nation of overcrowded and insan- itary conditions he found there.

The chief obstacle to improve- ments on the island is the lack of funds. Tod said that the

Person of West River signed at Wuchow has been broken by Can- tonese troops, who imprisoned commanding general and disarmed soldiers.

FIRE FIEND UNMASKED

Lives and Homes Sacrificed

Confession Uncovers Arson Mystery Reaching From Seattle to Mexico

Hated of Japanese Incites Army Deserter to Burn Church Mission

SACRAMENTO, Aug. 16.—Con- fessions made to the local police by Fortunato V. Padilla, a Mexi- can, formerly of El Paso, Tex., arch firebug, have cleared the mystery concerning a chain of disastrous fires in cities from Seattle, Wash., to the Mexican border, which resulted in losses estimated by representatives of the State Arson Board at \$5,000,000 and took a toll of ten lives.

Padilla, sought by the police in many cities for months, was arrested three weeks ago in Fullerton where he confessed to start- ing twelve fires in Orange, San Bernardino and Riverside counties. He was brought here a week ago on suspicion of firing the Japanese Buddhist Church in which blast ten children were burned to death. The fire occurred April 15, last.

The police at first were unable to get Padilla to talk but last night he confessed the Japanese mission crime after Special Officer E. D. Ostericher had been placed in the cell with the Mexican incendiary on a "burglar" charge. Con- fessions made to the police by Ostericher opened the way to Padilla's confession.

LOGGING HOUSE FIRED
In addition to setting fire to the Japanese mission school Padilla confessed to starting three other fires in California. One in a logging house that the police knew nothing about. In al- most every instance Padilla used oil-soaked rags to start the fires.

Padilla's crimes of destruction in California began in Fresno, January 16, 1921, on which date he confessed to burning three houses in that city. One a Japanese mission and three homes occupied by Japanese.

He took particular delight in burning Japanese property because he says he doesn't like the Japa- nese. The police he got a lot of joy out of watching the panic-stricken Japanese rush madly from the burning buildings.

On Aug. 26, 1922, he set fire to two Japanese homes in Fresno and on October 8, 1922, Padilla confessed to burning the Japanese Congregational church in Fresno. The home, owned by S. E. Egan, was the same one he fired on January 16, 1921.

Other Fresno fires to which he confessed, all of Japanese owned, were the Japanese owned home; October 12, 1922, a public garage. The places which he confessed to burning in the south were: Golden State Cannery, Col- umbia, San Bernardino county, June 1922, San Bernardino Lumber yard, June 1922; and the Col- umbia warehouse and Charles Bagnell warehouse, Anaheim, May 1922. Padilla also confessed to burning the Fruit Growers packing house, Placentia, Walnut Grove, Cal., a warehouse, Globe Beach house and a cottage, all in Fullerton on the night of July 11.

DESERTED ARMY
He set fire to the Placentia ware- house the same night he de- serted from the United States Army during the war and was in prison record for burglary, refused to give the officers any reason for his series of crimes except to say he "did it for fun."

Tom Mulhall, of the State Arson board, said that he had been charged with the investigation of the case.

By this time, however, the ring, from a beginning on a small scale had become, according to officials, a large and powerful organization, with an efficient "intelligence" de- partment. The result was that the agents sent in quickly were un- covered, making it necessary to re- place them several times.

AGENTS UNCOVERED
The task of collecting evidence upon which to undertake prosecutions proved so difficult that an investigation of the Federal tax re- turns of a number of the suspected bootleggers was undertaken in the hope of developing leads that might lead to arrests under the prohibition law. As a result, the "Big Four" and four or five others were indicted for violation of the Revenue Act through failure to make proper returns. It was charged that Haar had failed to make a return on income in excess of \$1,000,000.

He was charged with those in charge of the bootlegging investigation decided there was sufficient evidence on which to base action. Accordingly, indictments for the "Big Four" and others were drawn in the Depart- ment of Justice, and forty addition- al agents of the Bureau of Inves- tigation were dispatched to Savan- nah to assist in the final round-up.

MARYLAND ARCHITECT ACQUITTED OF MURDER
FREDERICK (Md.), Aug. 16.—B. Eward Kepner, local architect and business man, was acquitted this afternoon of the murder of his wife, Grace Simmons Kepner, member of a prominent Frederick family. The body of Mrs. Kep- ner, with a bullet wound through the head and a pistol lying near by, was found June 18 on a bed at the home of her father, E. H. Houck, Sr., where the Kepners lived.

Reporters found a photograph of the girl and when it was shown to her she sat up in bed, leaning on her elbow.

"That's me, yes, that's Irene," she said. "But please—please—don't ask me what hap- pened to me. I am suffering—I want to be alone."

One of the letters was dated the 12th inst. addressed to her father, D. M. Lovell, route 3, Cedar Falls, Iowa. She spoke of her plan to come day to take her parents to her own little bungalow at Hol- lywood.

FLOOD WATERS THREATEN TO INUNDATE DENVER

Citizens Desert Homes in Lowlands as Cloudburst Sweeps Towards City's Borders

DENVER (Colo.) Aug. 16.—Flood waters are sweeping down the Platte Canyon toward Denver, following a terrific cloudburst early tonight according to information received at the Denver police department, shortly after 8 o'clock. Every available policeman has been rushed to the lowlands bordering the Platte River, outside of Denver and residents are being warned to move to higher ground.

Water is spreading over the lowlands in the vicinity of Littleton, ten miles from here, and near Englewood, a suburb of Denver. Telephone operators at summer res- orts in the Platte country, where the water is rising, notified the Denver police department. No loss of life as a result of the in- undation has been reported thus far.

At 8:30 o'clock this evening all telephone connections with Little- ton were reported out of order and it was impossible for officers here to get into communication with that place.

The first indications of the near approach of the high waters to the city were given shortly after 9 o'clock when policemen reported that the Platte River was rising near Overland Park, the big motor- tourist camp on the outskirts of the city, where approximately 3100 automobiles are camped.

Shortly afterward, houses near by along the lowlands beside the river banks, were inundated. The water rose above the ground floors of the residences in many in- stances, and some policemen, armed with their shotguns, were called to guard the homes as they could hardly gather together.

The rise in the river was rapid, but it did not strike the city in the form of a wall of water as had been feared.

In the Valverde district, which is about two miles from the busi- ness district, the basements and ground floors of many homes were reported flooded.

Heading forces of less wealth and strength, according to Justice Department officials, were C. Graham Bauer, Richard Bailey and Sam Goldberg. These, with Haar, are referred to as the "Big Four" and it is said they were so known in bootleg circles over the country.

Haar is alleged to own a number of craft of British registry which were used to import intoxicants from Cuba, the Bahamas and other points in the West Indies. But the ring, the story goes, reached out to the great British market of Canada for its supplies. The craft bringing stocks from nearby points anchored outside the three- mile limit, the claim is made, and fast motorboats made the trans- fer to shorehouses ashore. Distri- bution then was made by automo- biles and trains.

It is two years ago that informa- tion came to the Department of Justice that Savannah was the base for the receipt and distribution of much of the liquor reaching the southern and eastern markets. Mr. Walker Willebrandt, an as- sistant to the Attorney-General, who is charged with the enforce- ment of the prohibition law, or- dered prohibition enforcement agents to that city in an effort to break up the illicit trade.

By this time, however, the ring, from a beginning on a small scale had become, according to officials, a large and powerful organization, with an efficient "intelligence" de- partment. The result was that the agents sent in quickly were un- covered, making it necessary to re- place them several times.

ECONOMY IS STRESSED

Coolidge Out to Trim Budget

President to be Own Watch- dog of Treasury in Effort to Cut Expenses

Smoot, Madden Called in for Discussion of Needs of Administration

BY ROBERT SMITH
WASHINGTON, Aug. 16.—Presi- dent Coolidge is going to be his own "watchdog of the treasury." He has made it plain to officials and Congressional leaders (with whom he has conferred during the last few days that stern old-fash- ioned Yankee economy is to be the foremost precept of the adminis- tration.

He expects to give his closest personal attention to the govern- ment expenditures, and to bud- get recommendations, so that what they are submitted to Congress there will be little or no ground for criticism on the score of extravagance.

Mr. Coolidge had another con- ference today with Senator Smoot, Republican, Utah, who will be the next chairman of the Finance Committee, and with Representa- tive Madden, Republican, Illinois, chairman of the Appropriations committee, which will soon begin the drafting of the annual supply bill. Both of these men are con- sidered in Congress for their de- dicated in wielding the pruning knife on departmental estimates.

REMAINS HANDY
At the request of the President, Mr. Madden will remain in Wash- ington almost continuously from now on until the opening of Con- gress, to be on hand for further conferences which he expects to hold from time to time in the in- terest of further economy.

The President has already given his hearty approval to the action of Gen. Lord, director of the budget, in cutting down ex- penditures from the departmental estimates.

Smoot, however, has stated that it would be possible to cut \$40,000,000 from the running expenses of the government and keep expendi- tures well within \$4,000,000,000. He predicted that the Republicans in Congress would back the Presi- dent to the limit in practicing the most rigid economy. The elimina- tion of dead wood and duplication of work in the departments would be one of the principal means of further reductions. By trimming off \$400,000 here and \$10,000 there, an enormous sum would be saved, he said, without reducing efficiency.

SHIPPING BOARD NEWS
Edward P. Farley, chairman of the Shipping Board, today sub- mitted to President Coolidge a statement by the board covering the present situation confronting the board and outlining the board's views as to what plan should be adopted to meet the situation.

President Coolidge, it is un- derstood, while evidencing interest in the board's problems, did not pre- sent any opinion relative to the situation because he had not stud- ied the papers left with him by Chairman Farley.

It is understood that the papers submitted to the President covered the situation of the shipping board in the past few months and gave the President the results of the board's detailed study of the problem.

The lines along which it has been proceeding were outlined to the President, and it was his position to make a decision shortly as to the question of general policy.

APPROVAL QUESTIONED
Whether or not the President will approve in detail the plan the board has submitted is ques- tioned.

WAR DEBT PLAN VETOED

France Unfavorable to British Offer of Reduction in Reparations; Problem Up to Banks

PARIS, Aug. 16.—The British proposal to reduce local reparations to \$8,000,000,000 gold marks (\$12,500,000,000) thus permitting her to obtain 22 per cent, 11,000,000,000 gold marks (\$2,750,000,000) and collect the remaining \$2,000,000,000 gold marks (\$500,000,000) of the amount of the British debt to the United States, from the Allies, is unacceptable to France.

Qual d'Orsay pointed out today that any such reduction in the figures must be predicated by a British reduction in its claims on France, and a diminution of the 22 per cent, the British proportion which was agreed upon at Spa.

The French see a conciliatory tone in the British sugges- tion, however, and they hope for an eventual accord despite the strained relations since Lord Curzon's note.

BANKERS AT WORK
Although the Allies apparently are deadlocked over the repara- tions and Qual d'Orsay admits that Premier Poincare's reply to Lord Curzon will refute the British note point by point in no uncertain lan- guage, Socialist newspapers unani- mously declared today that a tri- partite agreement between Ger- many, Great Britain and France is now under negotiation by capital- ists of the respective powers, with American bankers and big busi- ness interests also represented in the negotiations.

It is pointed out that hard- headed business men, unhampered by diplomat's worries of prestige,

FRANCE PLANS TO PAY WAR DEBT TO AMERICA

Neglect to Offer Settlement Has Injured French Cause Here, Paris Officials Believe

BY HENRY WALES
(BY CABLE-EXCLUSIVE DISPATCH)
PARIS, Aug. 16.—France intends soon to send a commission to Washington to fund the French war debt to the United States. It is learned that Premier Poincare has decided to begin negotiations with Washington, probably at the end of September, sending a special mission, including financial experts, but it is not expected that Jean V. Parmentier, French financial specialist, will be included.

The French decision to settle the American debt is the result of conversations between high government officials and leading officials and unofficial Americans visiting Paris this morning. The decision is believed to be a settlement of the American debt will fix definitely that portion of the amount which France intends to pay.

Heretofore France has suffered continually through the ambiguity of her statements. She demands as reparations the cost of reconstruction of the devastated regions of the country, but she has not yet paid the United States and Great Britain.

BRITISH WIS SYMPATHY
It is realized here that the British have been obtaining a tremendous leverage from France and certain sympathy in the United States because of the British. Baldwin funded the American debt, whereas France officially has been silent about paying Uncle Sam since Mr. Parmentier returned from Washington last winter with a promise to return in a few weeks and complete negotiations, which he never did.

The French will seek to obtain monotonous, probably in the form of a loan, based on the delay in receiving indemnity from the Germans to pay the United States, but it is believed the official readiness to eventually pay will have a great moral effect on Americans and will strongly serve to combat anti-French propaganda besides putting France on an equal footing with Great Britain in American eyes.

FRANCE NOTES ON WAY
PARIS, Aug. 16.—A courier took a midnight train to Brussels to deliver to Premier Poincare's response to the British note.

The Premier put the finishing touches to the document tonight and ordered the printing begun. Brussels will read the document tomorrow and Saturday and it will be handed to the British tomorrow.

CHINA FAILS TO REPLY TO FOREIGN ENVOYS
OPPOSITION HAS DEVELOPED TO DEMAND FOR GUARD ON RAILWAYS

PEKING, Aug. 16.—To date no reply has been received from the Chinese government by the foreign diplomats who recently presented to the government a demand for indemnities for the capture and imprisonment of foreigners last May and June by the Chinese troops.

Reports regarding preliminary consideration of the demands by the Foreign Office have revealed that there is opposition to the demand for indemnities for the capture and imprisonment of foreigners last May and June by the Chinese troops.

BRITISH IN FAVOR OF TWELVE-MILE LIMIT

(BY CABLE AND ASSOCIATED PRESS)
CANTON, Aug. 16.—The West River peace terms recently arranged between Gen. Wang Fung, commander of the Kwangtung troops of South China, and the Kwangtung army under Gen. Shum Hung-Ting at Wuchow in the presence of Lieut. Leland P. Lovette, commander of the United States gunboat Pampana, have been violated by Cantonese troops, it was learned today.

The Cantonese troops, under Gen. Li Chai-Sum and Wong Shih-Hung, entered Wuchow on the 14th inst. It has been learned, and forcibly took charge of the city, taking prisoner Gen. Fung. The latter had been appointed by both sides to the agreement to take charge of the city. Fung's soldiers were dispersed.

A strong protest against the action of the Cantonese has been made by the gentry, the Chamber of Commerce and the foreign legations. In an interview Gen. Wong is quoted as saying he would disregard the Wuchow Treaty.

GENERAL ROUND
Gen. Fung was bound with ropes by the invaders and confined in the strong room of the Kwangsi Bank. In an interview he said that the charges that he had brought against him of supplying arms and ammunition to Gen. Shum Hung-Ting's forces, who are enemies of the Cantonese, is false. There is much indignation among both Chinese and foreigners as a result of the treaty's violation.

THE WUCHOW TREATY was signed last month after Lieut. Lovette of the Pampana had acted as intermediary between the Cantonese and Kwangsi forces, carrying representatives of both sides back and forth across the river. A peace agreement finally was arranged and signed in the naval officer's presence.

TONGAN CAPTURED
(BY CABLE AND ASSOCIATED PRESS)
MOLOTOV (Chong), Aug. 16.—(Delayed in transmission) The town of Tongan, twenty miles north-east of Amoy, has been captured by northern troops moving south from Poochow. Gen. Chang Tze-Fang, chief of staff of Sun Yat-sen's eastern army, and in command of Amoy, intimated the possibility of an alliance between his forces and the Poochow troops, which, if he is correct, would result in a important impending defection from Sun's organization.

It is reported that Gen. Ong, in command of the northern troops in Fukien province, and who is now at Changchow, is sending reinforcements to the southern forces here on the coast, that city being hard pressed by South China forces.

DUESSELDORF ISOLATED
(BY CABLE-EXCLUSIVE DISPATCH)
DUESSELDORF, Aug. 16.—Until further order, all public means of communication, including trams, cars, and the outside world, except by wires operated by the French, has been cut off.

It is the latest French measure for rendering life in the town intolerable for the population. Its excuse is the bomb throwing and the shooting which has been going on since the 10th inst. ago. Its object, as has been stated, is a double one: compelling the people to use French trains and rendering life so difficult and expensive that any way out will be acceptable.

For five months Duesseeldorf, and this is true of most of the Ruhr towns, has had no telephones, no telegraph, no mail deliveries, except by special service from the outside occupied area.

JAPAN EDICT ON DIVORCE HITS PARENT

American Mother is Held Not Entitled to Child Under Any Circumstances

(BY CABLE-EXCLUSIVE DISPATCH)
TOKIO, Aug. 16.—Divorced parents' children resident of Japan belong to the father, regardless of a decision of a foreign court awarding the divorce, according to a decision yesterday by the Supreme Court in a case brought six years ago against John Ellis, whom Massachusetts sought to extradite on a charge of kidnapping his daughter, who was awarded to the mother.

Mr. Ellis kidnapped the child two years ago and fled to Honolulu, and then to Japan. The mother endeavored by every means to find her daughter. A picture of the father was shown in motion pictures throughout Japan, and in this way Mrs. Ellis was able to locate her former husband and his new family.

An application for extradition resulted in Mr. Ellis being put in pending an inquiry. The child was taken to the home of the late Ambassador Guthrie. Mr. Ellis obtained the friendship of the Japanese law alone was applicable, and under this children belong to the father irrespective of the grounds for divorce.

Mr. Ellis now is a lecturer in the higher commercial college of Tokyo. The child, a beautiful girl 17 years of age, has been educated in Japanese schools and has forgotten America.

PRESBYTERIANS ELECT M'AFEE

Berkeley Pastor is Made State
Synod Moderator

Judged One of the Leading
Scholars in Church

Many South Californians at
Asilomar Sessions

(EXCLUSIVE DISPATCH)
ASILOMAR, Aug. 16.—Dr. Lapsley A. McFee, for the past eighteen years pastor of the First Presbyterian Church of Berkeley, was elected moderator of the Presbyterian Synod last night by unanimous vote and escorted to the platform amidst applause. Dr. McFee comes from a distinguished family of ministers and missionaries. He is the son of a Presbyterian preacher and the brother of Dr. Cleland B. McFee of McCormick Theological Seminary, Chicago, who is also here as leader of the Bible Study Class, and who is scheduled to preach the sermon before the Synod Sunday morning. The new Moderator, whose

Berkeley church has a membership of 1800, is regarded one of the most scholarly men of his church. He has distinguished himself as a minister and a leader in modern reform. He is noted for his extraordinary success among young people. That he is gifted with a sense of humor was evident in his short, witty speech of appreciation of the honor conferred upon him by the synod and afterward.

FIRST NOMINATION
Dr. G. A. Breigle, pastor of the Westlake Presbyterian Church of Los Angeles, was first nominated for the moderatorship by Dr. W. A. Phillips of San Francisco, but as soon as Dr. McFee's name was placed before the synod, Dr. Breigle withdrew and moved nominations be closed.

The sermon last night was delivered by the retiring Moderator, Dr. Arthur Hicks of Fowler, from the text in I. Timothy, 2:14 and 15, dwelling particularly upon the last sentence: "For this is what the church of the ever-living God is, and it is the pillar and foundation-stone of the truth." He found this epistle of Paul to the young preacher Timothy, abounding in helpful advice, some of which applies in this age of the world. He made a strong spiritual appeal that the individual life of the church shall measure up to the requirements of the gospel of Jesus Christ—that the kind of atmosphere in the home, in the religious press and in the pulpit shall be of a sort

that carries perfect faith concerning the teachings of God.

THOSE ATTENDING SYNOD
Southern Californians predominated at this conference as at some of those preceding it. Today's arrivals from Los Angeles included: Rev. W. S. Young, clerk of the synod who was accompanied by his wife; Rev. and Mrs. A. B. Peitchard, Rev. and Mrs. L. L. Cross, Rev. J. M. Newell, Rev. J. Falcon, Rev. D. W. Landis, Rev. William McCoy, Dr. and Mrs. George C. Butterfield, Mr. and Mrs. J. W. Burns, Miss Anna B. Clark, Mr. and Mrs. C. P. Du Bois, Mr. and Mrs. L. K. Wilson, Mr. and Mrs. William E. Cort, C. H. Gaskill and family, Mrs. W. D. McConnell, Mrs. S. J. Oliver, Mrs. E. W. Graham, Mrs. Ida L. Hox, Miss Alice Moore, Miss Roberta C. Barr, Miss Julia Hawk, Miss Dorothy Sperry, Miss Bertha Sandry, Sidney Smith and J. E. Bell, from Pasadena, Rev. and Mrs. Marshall Hayes, Rev. S. G. Livingston, Mr. and Mrs. John Murdoch, from Glendale, Rev. and Mrs. W. E. Edmonds, David Black and family, H. L. Finlay, M. P. Harrison.

From other Southern California points, Adelbert E. Adams and John Lowe, Sierra Madre; S. P. Montgomery, Mrs. Belle E. Shoemaker, and William Middleton, Eagle Rock; Rev. and Mrs. Theodore Smith, Catherine Wood and Anna M. Van Loda, Bell; H. P. Dillworth, Mr. and Mrs. Elias Jones and C. Maddox, Hemet; Rev. M. E. Roberts and family, Santa Ana; Henry C. Buell, Long Beach; Rev. W. G. Thomas, Arcadia; Miss Eleanor Case, Huntington Park; Rev. and Mrs. J. E. McFadden, San Dimas; H. P. San Gabriel; Alma Campbell, Claremont; Rev. John Shaw, Los Olivos; Miss Elvira, Riverside; Rev. A. A. Pratt and Miss Mary Wright, Santa Ana; Mr. and Mrs. H. Z. Austin, Fresno; Mrs. Jessie Wilson, Mrs. R. L. Winchell and Mrs. G. G. Wright, Santa Barbara.

PRODUCE MAN INJURED
(EXCLUSIVE DISPATCH)
FRESNO (Ariz.) Aug. 16.—Walter Hill, president of the Hill Produce Company and prominent in church affairs, is suffering from injuries said to have been inflicted by Fred Reif, who entered Hill's office and used force in an attempt to collect a disputed plasterer's bill. Hill was choked, thrown to the floor and stamped on. Reif pleaded guilty in a justice's court and paid a fine of \$150.

MEXICAN RATE LOWERED
(EXCLUSIVE DISPATCH)
MEXICO CITY, Aug. 16.—The furniture factories of Mexico City have obtained an advantageous rate from the National Railways for mahogany and other cabinet woods of Oaxaca and Chiapas. The rate, formerly \$12.145 a ton, has been reduced to \$12.594. This reduction is expected to materially aid the industry.

INQUEST TODAY AT KEMMERER

Last Body is Removed From
Coal Death Mine

Many Victims to be Placed
in Single Grave

Lantern Found May Solve
Blast Mystery

(BY A. P. NIGHT WIRE)
KEMMERER (Wyo.) Aug. 16.—With the removal today of the last body from Frontier Mine No. 1 of the Kemmerer Coal Company, where an explosion occurred last Tuesday morning, announcement was made here tonight that a coroner's inquest into the disaster which cost ninety-eight lives will be conducted tomorrow morning. The body of the last victim taken from the mine was that of Fireman Thomas Roberts. The body was found by Roberts' brother James, who had refused to leave the mine without obtaining definite information for the Roberts family. The body was badly burned.

INVESTIGATE LAMP RUMOR
Coroner E. W. Holmes this afternoon was investigating an unverified rumor that a safety lamp which Roberts had been carrying was found open beside his body. If the report were true, he pointed out, it would have an important bearing on the cause of the explosion which the coroner's jury will attempt to ascertain tomorrow.

As a preliminary to the inquest, the coroner questioned P. F. Patterson, State Mining Inspector, and officials of the United States Bureau of Mines rescue car who have been working in the mine since the blast.

Estimates made today by mine officials indicated that the death toll in the explosion will cost the State workers' compensation fund approximately \$200,000 in compensation to be paid to survivors of those who lost their lives.

FUNERALS TODAY
All business will be suspended in Kemmerer tomorrow afternoon when funerals will be conducted. One hundred men, fellow-workers of those who lost their lives, were busy at the local cemetery today digging large graves to hold several coffins each.

THREE MEN SHOT IN ANTI-KLAN OUTBREAK

ONE MAY DIE AS RESULT OF
SERIES OF SHOOTINGS IN
STUEBENVILLE, O.

(BY A. P. NIGHT WIRE)
STUEBENVILLE (O.) Aug. 16.—Three men were shot, one perhaps fatally, in a gun fight early today, the culmination of an anti-Ku Klux Klan outbreak. The casualty list follows:

D. L. Gibson, 35 years of age, one of the leading local klansmen, shot in the back of the head near the base of the brain.
John de Santis, 26, one of Gibson's asserted assailants, shot in the left eye; sight of eye destroyed.
Dominic Spinetti, 27, shot through left hand.

The outbreak, which earlier in the night had resulted in a riot in which a score or more persons, mostly visiting klansmen, were injured and at least a dozen of their automobiles wrecked or badly damaged, did not subside until this morning.

One klansman, the most seriously wounded, and one of his asserted assailants, are hospital patients and two of the latter's companions, one of whom is wounded, are in custody charged with shooting to kill. Six members of the Klan, strangers in the city, are held for carrying guns.

The outbreak followed a parade through the business district of the city by klansmen from East Liverpool, O., Chester, W. Va., and other near-by points.

EINSTEIN TO SEE ECLIPSE
(EXCLUSIVE DISPATCH)
TUCSON (Ariz.) Aug. 16.—That Dr. Einstein, of relativity theory fame, will witness next month's solar eclipse from a point near Hermosillo, Sonora, is stated by J. P. Cross, paymaster for the Southern Pacific of Mexico, who is here from his headquarters in Empalme. Among other expected German scientists is Prof. Loewendorf, brother of the famous general of the name.

CHICAGO PHONE RATES CUT
(BY A. P. DAY WIRE)
CHICAGO, Aug. 16.—Telephone rates in Chicago were ordered reduced by approximately \$1,000,000 a year, effective October 1, by an order of the Illinois Commerce Commission, made public today. The order was directed against the Illinois Bell Telephone Company.

Abreast with Prosperity

Never has any section undergone tremendous growth as Los Angeles vicinity. The demand for building materials of every kind has far exceeded the estimates of the manufacturers.

The Concrete Industry has been no exception. Especially during the year has it been impossible to secure the period of winter rains to accumulate a surplus for increased demands—although no effort has spared to keep pace.

WE CAN NOW OBTAIN CEMENT IN AMPLE QUANTITIES. CONCRETE BUILDING PROGRAMS CAN NOW BE CARRIED FORWARD WITHOUT DELAY. WE ARE AGAIN ABREAST WITH PROSPERITY.

California's Wonder Places

Nature's Flaming Canvass THE PAINTED CANYON

WORKING from below, Nature tore a big volcanic rift in a patch of mudhills. Then, from above, she dropped a rainbow.

Men now call it "The Painted Canyon"—another of California's wonder places.

You can't imagine what weird, fantastic shapes that canyon took when, after the blast, it had cooled. No more can you conceive the myriad hues splashed over its jagged faces—colors that range from deep, mysterious

purple to flaming scarlet and gorgeous gold—riotously varied and marvelously beautiful.

"The Painted Canyon" is really several canyons in a close group. The walls of one gorge rise more than 100 feet high, yet are hardly far enough apart for a man to squeeze between.

This flaming canvass of Nature's is not to be confused with the "Painted Desert" in Arizona. It is in California—150 miles from Los Angeles, just off the Mecca-Blythe highway to Phoenix.

As California is naturally beautiful and unique, so is she financially strong and progressive. Union Bank & Trust Co. counts itself happy to be a unit in that strength and progress.

SELLING OUT Men's Clothing and Furnishings

I QUIT I QUIT I QUIT

I quit, but not by choice. I would rather remain in business, but this boom in REAL ESTATE has caused rents to go sky high. My leases are expiring and rather than sign new leases at double the rent I have decided to SELL OUT both of my stores. I can sell both of my stores as a whole, but I think that I owe the men of Los Angeles this much and that is to give them some good bargains as long as I am quitting. I have two tremendous stocks to select from. Up at my 602 W. 6th St. Store I received a notice the other day to pack up and get out in a short while because they are going to build a 12-story skyscraper. Here at 340 So. Spring St. my lease is expiring and they want twice the rent—that means I must seek each customer that comes to buy from me. I don't intend to seek anybody, particularly my good and valuable customers. After being in business for 15 years' needs—buy your next winter's supply as well as this summer's needs. I will save you a good many dollars. Come, men, you have been buying from me for years—I will take better care of you than ever before. I owe you something for helping me make this success that I did. I will give you bargains if you will.

SEEVER ELIMINATES JACK NEVILLE

STATE CHAMPION LOSES ON TWENTIETH GREEN

Other Favorites Win in Los Angeles Country Club's Invitational Golf Tournament

By CHARLES WEST
Apparently unawed by the international reputation of his opponent, Everett Seever put Jack Neville out of the running for the honors in the Los Angeles Country Club's invitational tournament by winning his first-round match 1 up on the twentieth green after a bitter battle with the State champion yesterday afternoon. Although Seever is rated as one of the best players in the South, he was not expected to win over Neville, who was a member of the American team which defeated England's best amateurs in the recent tournament.

Seever started out confidently, but Neville began to play better. At the turn of the nineteenth hole, Seever was 1 up, but Neville won the next two holes to tie the match. On the twentieth green, Seever putted for a four, but Neville's ball rolled into the hole. Seever then putted for a four, but Neville's ball rolled into the hole. SPORT SHAPPEL

HARRY A. WILLIAMS

There is almost certain to be a demand within the next year for a less lively sphere. The fans have just about had a surfeit of the rabbit brand of baseball. They are fed up on slugging, pitching which has become indifferent to the facts of much brutal treatment, telephone numbers for scores and contents which drag along into the evening.

This was O.K. for a time, as the patrons yearned for the heavy stuff. They had wearied of seeing the pitcher so completely dominate the situation. But things have gone too far to the other extreme. Home runs are as common as to be of the garden variety. They hardly get a gasp. It is time to strike a happy medium.

However, the high-explosive ball now in use is not responsible for all the poor ball played any more than the altitude in Salt Lake is accountable for all the impossible scores in the Utah metropolis. But it is in a measure due to the psychological condition created by the ball. Pitchers become discouraged, and show a tendency to trust to luck. They feel that if they are hit hard their own club will go out and get enough runs to win. Some get the idea that they can't pitch just as some are obsessed with the same thought in Salt Lake.

But it has been demonstrated that a heavier ball would result in better and more scientific baseball, and a return to those fundamentals on which the game rested.

NOTAS LOCALES
Hobo de Dinero por Hombres Armados
Ayer tarde, y con quince minutos de intervalo, se perpetraron dos atrevidos ataques a la luz del día en el barrio de negocios de Los Angeles. Actuaron dos grupos diferentes de bandidos, pero la policía los desbarató.
En uno de los atentados, ligaron los bandidos a una camioneta y la sacaron y la ataron a una silla, hecho lo cual, procedieron tranquilamente a robar la caja de caudales y la caja de monedas, y separaron, en obsequio de los analistas, los cheques del dinero en efectivo.
El primer ataque tuvo lugar como a las 2:30 p.m. en el almacén de música de Fisher, calle Séptima Oeste, 363, situado no lejos del Club Atlético de Los Angeles, en una parte de la ciudad siempre piéfila de gente, se hallaba a cargo del establecimiento la Sr. F. B. Smith, de la calle Alasca, 2327, cuando tres jóvenes bien vestidos y armados todos de pistolas entraron a la tienda y obligaron a la Sr. Smith a entrar en un cuarto interior del almacén. Allí la amordazaron con un pañuelo, y la ataron a una silla, dirigiéndose ellos seguidamente a la caja de caudales que se halla en la oficina, de la cual sacaron \$113 que se hallaban en el cajón de efectivo.
DEPORTES
Tennis
Miss Helen Wills, joven estrella de tennis de Berkeley, derrotó ayer por segunda vez en una semana a Miss Kathleen McKane, campeona de la Gran Bretaña, en tres series, 2-6, 6-4, 6-3.
La victoria de las señoras americanas fue la de la Srta. Eleanor Goss sobre la Srta. Corvill, de Inglaterra, por 6-1, 2-6, 6-4. Los matches se jugaron en Forest Hills, Nueva York.
En el torneo de noventa masculinos que se está jugando en Newport, R. I., Harvey Snodgrass, de Los Angeles, venció ayer a Robert Kinsey, de San Francisco, en series seguidas, por 6-3, 6-4, 6-3. A virtud de esta victoria, ha entrado Snodgrass en la tanda semifinal. El juego de sensación que ha efectuado el de Los Angeles en los recientes torneos del este lo ha conquistado prácticamente un lugar entre los primeros diez jugadores de tennis de América.
Golf
En impresionante match, Everett Seaver, jugador de golf del Club Campestre de Los Angeles, bató ayer a Jack Neville, campeón aficionado del Estado, por 1 arriba en el vigésimo "green" del juego del torneo de invitación del Club Campestre de Los Angeles. Fue la victoria de Seaver una gran sorpresa para los aficionados de aquí, que no le concedían probabilidad de derrotar al campeón.
Baseball
Los Angeles fue ayer derrotado por Portland en el décimo turno del partido jugado en el parque de Washington. Los visitantes ganaron por 4 a 2, cuando Stumpf, segunda base de Portland, logró un "home run" en el turno final.

SOVIETS SEIZE AMERICAN SHIP
Nome Schooner Confiscated for Gunboat Duty
Seattle Vessel Released From Siberia Port
Tells Tale of Starvation of Russian Hordes
(BY CABLE AND ASSOCIATED PRESS)
NOME (Alaska) Aug. 15.—The schooner Blue Sea, owned by Olaf Swenson and Company of Seattle, which was interned at East Cape, Siberia, by Soviet authorities, arrived here today. Capt. Anderson, master of the vessel, reported that as the result of the visit of a government inspector named Kosloff to Anadyr recently, Gov. Theodore Dariaf of that district was placed under arrest and a man named Burke placed in charge of the district.
Capt. Anderson said the American trading schooner Belinda of Nome had been confiscated by Soviet authorities and converted into a gunboat. Gov. Theodore Dariaf of that district was placed under arrest and a man named Burke placed in charge of the district.
The people in northeastern Siberia will be starving very shortly if nothing is done by the Siberian government to relieve the situation," Capt. Anderson said. He asserted that the inhabitants of the district had been prohibited under Soviet regulations from removing their furs from Siberia were unwilling to trade their cargoes of foodstuffs. He expressed the hope that the new government under Burke would eventually solve the difficulty.
The Blue Sea was frozen in the ice near the mouth of the Kolyma River on the northern Siberian Coast until early this summer. Arriving at East Cape, the vessel was boarded by Red guards who placed Capt. Anderson under arrest and ordered him to proceed to Anadyr. At Anadyr he remained under arrest for one day but after an interview with Inspector Kosloff, was released. At that time, according to Capt. Anderson, Kosloff announced his intention of arresting Karloff and changing the entire government of the district.
During the Blue Sea's stay at East Cape, Red guards seized a large part of the cargo. Later Kosloff told the vessel's master that if he would return to East Cape he would be reimbursed but thinking this a ruse to get him back, he avoided East Cape on the return to Nome.
FREIGHT FRANCHISE SALE IS APPROVED
The City Council yesterday approved formal notice offering for sale a passenger and freight carrying franchise on San Pedro street between Aliso and Ninth streets. This action was taken to permit additional service of the Pacific Electric Railway. The franchise sale will be held on August 20 through freight service over this line and that no switching of freight cars to factory sidings must be done at night.

Chaufeur Ordered to be in
Court Today

(EXCLUSIVE DISPATCH)
ORANGE, Aug. 16.—Two persons were badly hurt here this evening when an automobile driven by Elmer Way, 18 years of age, of Orange, crashed into the rear of a truck which is reported to have cut a corner.

The front end of Way's car was demolished. Way himself, who was driving, was thrown from the car and landed on his head. He was taken to the hospital. The driver of the truck, who was not injured, was taken to the hospital. The truck was driven by a chauffeur who was ordered to be in court today.

Dependency of
Country Upon
Railroads Told

(EXCLUSIVE DISPATCH)
ONTARIO, Aug. 16.—Frank W. Scott, general freight traffic manager for the Southern Pacific railroad, stated today in an address before the Ontario Rotary Club at its weekly luncheon, that one-seventh of the population of the United States is dependent upon the railroads for their livelihood.

Mr. Scott spoke of general transportation conditions, contrasting the efficiency of the railroads under present control with the conditions under government control. He also gave statistics concerning the number of locomotives, cars and amounts of freight shipped. The speaker urged the people to support constructive legislation as opposed to the Bolshevik ideas advanced by some politicians in the country.

DEATHS ACCIDENTAL

Coroner Returns Verdict in Fatal Plane Fall at Venice

By a "Times" Staff Correspondent
VENICE, Aug. 16.—A verdict of accidental death was returned here today by County Coroner Vance in the case of Joe Hoff, noted Venice actor, and Edward J. Hoff, his chauffeur. Both men were instantly killed when a plane piloted by Hoff and in which Hoff was a passenger fell approximately 1,000 feet, crashing into and through the Venice Pier. Funeral arrangements for Hoff have been completed for either of the victims, although the body of Hoff is to be removed tomorrow to his home at 413 Sierra street, Los Angeles.

HIGH ELK OFFICIAL
PRAISES COOLIDGE

(LOCAL CORRESPONDENCE)
REDLANDS, Aug. 16.—Dr. A. R. Schultz, past exalted ruler of the Elks Lodge here and delegate to the convention held at Atlanta, Ga., says that the people of all sections are solidly behind President Coolidge and that business men and men of all professions believe that he is extremely capable as the Chief Executive of the nation. Business conditions in the East are steadily improving, Schultz was told, and he believes every large city in the East and Middle West. The farmers have suffered in the Middle West but they are not discouraged and there is belief that better times are ahead and that prices for farm products will be better.

NO KICK ON ORANGE TAXES
(EXCLUSIVE DISPATCH)
ORANGE, Aug. 16.—As a board of equalization, the Orange City Council found that the taxes are extremely heavy, so today after having sat three days to hear tax protesters, the council adjourned, leaving a single protest for this sort of thing here.

BLEST COIN AND
GYPSY FLEE

Merchant Now Believes
Money in Hand Is
Most Valuable

(LOCAL CORRESPONDENCE)
MANHATTAN BEACH, Aug. 16.—W. W. Pepper, hardware merchant here, has come to the conclusion that money in the hand is more valuable than the blest coin. The conclusion was reached this morning after Pepper had willingly contributed to an unknown gypsy woman touring in an automobile. Pepper was jingling coins in his palms when the gypsy entered his store and offered to bless the money. He good-naturedly held the coins out to her, with a gleaming smile she scooped them up and fled in her automobile. Police failed to apprehend her.

NORTH WIND
WHIPS INTO
FOREST FIRE

Blaze in Santa Barbara
Reserve Worse Than When
Erupted Twelve Days Ago

(EXCLUSIVE DISPATCH)
SANTA BARBARA, Aug. 16.—The fire which has broken out afresh in the Santa Barbara Forest Reserve is more dangerous and threatening than at any time since it began twelve days ago, according to reports from the forestry officials. Whipped by a strong north wind the entire fire line which has been smoldering for three days has become a wall of flames leaping through the dense undergrowth. During the night nine sections were swept and it is estimated that 100 square miles of wild land has been burned over. The fire tonight is roaring down Santa Cruz Creek and has spread to parts of San Marcos Ranch. Some express fear it soon will be showing up on the summit of the Santa Ynez range, above Santa Barbara. Every available man has been rushed to the scene, and crews are relaying crews in a hurry to get fire breaks cut at strategic points.

Should the north wind continue, officials of the forest service say, it will be almost impossible to hold the flames, which are now within striking distance of ranch homes, summer camps, apiaries, and other property along the Santa Ynez River, while the country is stocked with cattle.

WOMAN TO UMPIRE

Feminine Manager Will Preside at
Bakersfield Game

(EXCLUSIVE DISPATCH)
BAKERSFIELD, Aug. 16.—Nine Bellis Hurst, the only woman member of the California Baseball Managers' Association, will umpire the game between the Boosters and the Coalinga at Athletic Park here tonight. Hurst is an announcement made by manager "Bob" Clark of the Boosters last night. She is a former professional player, mask, pad and all, ready to give decisions. She has umpired games in every league in the State, including the Coast League, and has had much experience in all branches of baseball. Miss Hurst is a native of Bakersfield but formerly lived here.

OIL FIRE IS ISSUE

Court to Decide Liability of
Company Blame

(LOCAL CORRESPONDENCE)
TORRANCE, Aug. 16.—When a fire in the plant of an oil concern damages property owned by neighbors is the oil company financially responsible? Frank A. Nehring, a rancher, who owns the property, has filed suit in Superior Court to recover \$112,150 damages from the Midway company. He alleges that on May 16, 1933, the company negligently permitted two large oil tanks to catch fire and burn, resulting in the destruction of his property. The fire destroyed three acres of strawberry and rhubarb plants owned by him.

Mr. Nehring is represented by Russell M. Pray and the oil company by U. T. Cloutier of Los Angeles.

FUNERAL TODAY FOR
MISS EVELYN ROHRS

(EXCLUSIVE DISPATCH)
ORANGE, Aug. 16.—Funeral arrangements were completed today for Miss Evelyn Helene Rohrs, 18 years of age, Orange, who died at her home here yesterday after an illness of nearly three months. The funeral is to be conducted from a Santa Barbara funeral chapel at 10 a.m. tomorrow. Miss Rohrs was the daughter of Mr. and Mrs. William H. Rohrs of this city and was a freshman at the high school. She was forced to drop her studies near the close of the year on account of ill health.

First Steps Taken to Own
Municipal System

Bain Invited to Meet City
Officials

Southern Counties' Plans
May Be Bought

By a "Times" Staff Correspondent
LONG BEACH, Aug. 16.—The first step in this city's program to acquire a municipally owned and operated gas plant was taken today when City Manager H. Windham invited President F. R. Bain of the Southern Counties Gas Company to meet with city officials here in connection with the gas situation. President Bain assured reporters here this afternoon that he would be glad to meet with the Mayor, the City Manager or others connected with the city's gas plant program.

Similar efforts several months ago by the city to enter into negotiations with the gas company with a view to purchasing the company's local plant, ended with a letter from President Bain in which he pointed out that the city officials were wasting time in seeking a conference. It was said at the time that the city was not ready to purchase the plant.

Rangers Hunt
Missing Boys
of Alhambra

(LOCAL CORRESPONDENCE)
ALHAMBRA, Aug. 16.—The disappearance of two Alhambra boys who left their homes here last Friday and of whom no trace has been found, is occupying the attention of police officers and forest rangers who have been notified of the missing lads and furnished with their descriptions. The boys are Walter Hans, 14 years of age, a nephew of Walter H. Hans, prominent Los Angeles attorney, who lives at 820 East Alhambra Road, this city, and Jack Shay, 14, of 38 Chico street. The boys are described as five feet in height, weight about 100 pounds, with thin faces, blue eyes and brown hair. Jack Shay is about 120 pounds and has brown hair and blue eyes.

The boys left their homes without saying anything to their parents. It has been learned that they were seen together on Friday afternoon and that they were riding their bicycles. It was discovered Friday night that the Hans boy had taken two blankets and a small bundle of provisions, which they intended to camp out. Fears are expressed that the boys may have gone into the mountains, wandered away from the trails and become lost, and with each day of their disappearance the anxiety at their homes has increased.

WOMAN IS APPOINTED

Claremont Soon Will Have Its
First Postmistress

(EXCLUSIVE DISPATCH)
CLAREMONT, Aug. 16.—After serving as postmaster of Claremont for the past eight years, Ira J. Cree will surrender the office to a woman, Mrs. Ruth E. Cree, owner of a ladies' furnishing store here, who received notice today of her appointment as postmistress. As soon as she deposits her bond she will be officially the first woman to fill the job. Mrs. Cree has been serving as postmaster since the postoffice practically doubled in capacity and size since her appointment.

Mrs. Powell has long been a resident of Claremont and is recognized as a very capable woman, having successfully carried on her business for many years. She is a Gold Star mother, her son, Keith Powell, having been killed in action in the World War and the American Legion post here bears his name.

FELLOWS SCHOOL IS
BURNED TO GROUND

(EXCLUSIVE DISPATCH)
FELLOWS, Aug. 16.—The Midway schoolhouse here, which was also the home of William Keesley, the janitor, and his wife, burned to the ground at 7 o'clock last night. The building was partially insured. Mr. Keesley stated that the fire started in the kitchen and spread to the main floor. He said that he tried to extinguish the fire but it was too late. The schoolhouse was a two-story building and was used for the school and as a home for the janitor and his wife. The schoolhouse was burned to the ground and the remains of the building were seen today.

"MEANEST MAN" WRECKS
PROPERTY OF SANTA PAULA
POOR CHILDREN'S NURSERY

(LOCAL CORRESPONDENCE)
SANTA PAULA, Aug. 16.—That "meanest man" frequently located in various localities, has been found, but not identified, in Santa Paula. He is the man who broke into the charity day nursery, ate up its supplies, ruined its furnishings, and wantonly destroyed many of its fittings. Compared with this miscreant the proverbial stealer of pennies from dead men's eyes looks like a public benefactor.

DENNISON IS PROMOTED

San Diego Narcotic Agent Made
Chief of District

(EXCLUSIVE DISPATCH)
SAN DIEGO, Aug. 16.—John A. Dennison, who has been in charge of narcotic investigation in San Diego since 1921, today was named as chief of the district from Los Angeles south, including Los Angeles, San Diego and the Imperial Valley. The appointment is in line with the policy of the Federal Bureau of Investigation to promote from within the ranks of the field offices. The new office carries with it a substantial increase in salary. Six or eight operatives will be assigned to Dennison to work in Southern California cities. According to his present plans, he will spend four days each week in Los Angeles and three days in San Diego.

PUPILS ARE HONORED

French War Refugee and Judge's
Son Are Delegates

(LOCAL CORRESPONDENCE)
SOUTH PASADENA, Aug. 16.—A young French war refugee whose home, city in France was pounded to pieces by German shells and the son of a prominent Los Angeles lawyer who has just been made a Los Angeles County Superior Court judge, have been honored by being chosen two of four South Pasadena boys to attend a conference at Catalina of high school leaders from all sections of Southern California. The boys are Leon Dostert and Malcolm Archibald. Archibald is the son of newly created Judge Archibald, while Dostert, in 1918, was able to speak a word of English, had progressed so rapidly in five years that he was beaten only by Archibald for the most important student office in South Pasadena High School.

NEW YORK CURB

(BY A. P. NIGHT WIRE)

NEW YORK, Aug. 16.—Short covering operations prevailed for a brief moment in the oil market today, but the market was again covered by the oil shippers. More than 50,000 shares of Standard Oil of Indiana changed hands, the closing bid price of 102 representing a net gain of 1 1/2 points on the day. Buying of this issue was induced by the forecast of a 4 cent a gallon in the price of gasoline in South Dakota, where the price was originated. Net gains of 1 to 2 points also were registered by Standard Oil of Kansas, Kentucky and New York, Pacific Oil, Gulf of Pennsylvania and Buckeye Pipe.

Overnight developments in the coal situation indicated an early settlement of the wage dispute resulted in a settling of the short interest in the oil market, which closed 1 1/2 points higher at 102. The oil market was 1/2 point higher at 102, or 1 1/2 points above the subscription price of the stock issued a few months ago.

Oil and Water Soaked Suit Case With \$600,000
Worth of Securities Discovered in Creek

A pulpy mass of mud, oil and paper found yesterday in a rotten
suit case in a creek on West Pico Boulevard may be \$600,000 worth of
bonds, missing since February 13, when holdup men shot and killed
Sam McGee, a negro messenger employed by the First National Bank,
and escaped with booty estimated to be worth \$700,000.

Approximately \$100,000 worth
of the valuable paper has been
recovered by detectives at various
times.

Representatives of the bank and
police detectives under Capt.
George Home last night began the
tedious work of sorting the papers
in an effort to discover whether
the missing bonds had been found.

So badly have the papers been
detached by the action of the water
and oil that it is possible that the
cataloging of some of them may be
impossible.

By a "Times" Staff Correspondent
SANTA MONICA, Aug. 16.—Lieut. Erik Nelson of the army air-
craft engineering department arrived at Clover Field today from Mc-
Cook Field at Dayton, O., to supervise the construction of five Douglas
airplanes for the army round-the-world flight, which is to start next
May.

This positive assurance that the
round-the-world planes will be
constructed locally is the first rec-
ognition of American build-
planes by the

PLEAS MADE TO TEACH GERMAN

Delegation Visits the Board
of Education
Passage of Resolution is
Postponed

Language Barred This Year;
Budget Approved

Reintroduction of the German
language into the elementary and
high schools of Los Angeles was
urged by spokesmen of a delega-
tion from local members of the
Steuben Society of America and
the German-American Alliance
yesterday at the regular meet-
ing of the Board of Education. Those
who addressed the board out of the
delegation of twenty-five were Wil-
liam Schreiber, E. C. Hagen and
Rev. C. M. Thomas.

After the board had listened to
impassioned pleas to force the war
and to restore the German lan-
guage to a place in the curricu-
lum of the local school, President
Odell and Supt. Dorsay informed
the delegates that the matter was
receiving earnest consideration, but
that it will be impossible to re-
introduce the language this year
because of lack of provision in the
financial budget.

When the financial hindrance
was mentioned Mr. Schreiber asked
that the board pass a resolution
that would put it officially on record
as favoring the teaching of Ger-
man. Action on this request was
deferred with a statement from
President Odell that the board is
not quite ready to announce a de-
cision.

"It has been five years since the
war," said Mr. Schreiber. "Surely
that is long enough to allow pre-
judice that might have been felt
against Germany as a nation and
against Americans of German
birth."

OTHERS REMOVE BAN
We are here to ask you to re-
introduce German into the schools
as German Americans, but also as
Americans. San Francisco has re-
moved the ban and the State Board
of Education has removed restric-
tions, enabling any school to teach
German that desire."

Mr. Schreiber stated that Mayor
Cryer is in favor of placing Ger-
man back in the schools and that
other prominent citizens believe
the ban has been on long enough.

Dr. Thomas, who stated he stud-
ied in Germany as a young man,
although neither he nor his parents
were German, dwelt at length on
the learning, sciences and art of
the Germans and declared the na-
tional reasons for nothing else.

"Although Germany is no longer
the proud nation she was, she is
by no means a decaying nation," he
said. "Russia is getting on her
feet, due to German activity, and
England is lining up with Ger-
many because the far-sighted men
realize that the ties of blood are
stronger than the ties of politics."

PREDICTS ALLIANCE
"Whether we want it or not,
eventually England, America and
Germany must come together. We
cannot ignore German culture,
ideals and the life of the nation."

Mr. Hagen stated he represented
20,000 persons in Los Angeles of
German ancestry, who, for seri-
ous reasons, wish to see their
father tongue taught in the
schools.

"German Americans were just as
loyal to their adopted country dur-
ing the war as any other American
citizens," said Mr. Hagen. "We
gave our sons and daughters un-
hesitatingly, though with breaking
hearts, to fight against our own
blood. We did it patriotically."

"Germany is our mother and
America is our wife. When we
turned against our mother in the
war with sad hearts, but we realized
the duty and obligation we owed
to our adopted country."

The board received notice from
County Superintendent Kappel

Central avenue, graveyard of city administrations and
birthplace of whispering campaigns, politically is close enough
to the City Hall to virtually control the vice squad and in other
ways cause trouble and turmoil in the conduct of the police
department.

This was one of the striking fea-
tures of the testimony developed
at yesterday's session of the Police
Commission sitting in the case
against Capt. R. Lee Heath and
seeking to determine his con-
nection, if any, with the pernicious
politics ring and its dominance of
the police force.

Negro politicians, some of whom
were active in the last municipal
campaign, and some of whom have
been charged with felonies, were
named by Lieut. Bert T. Massey,
commander of the vice division, as
Central avenue crims whose loud
whispers found sufficient response
in the City Hall to obtain results.
It was a case of misplaced confi-
dence, Lieut. Massey testified, but
the propaganda from the negro
section was not entirely unheeded, he
said.

MAYOR ORDER CHARGED
"I assumed that I was trans-
ferred from the vice squad because
Central avenue politicians put in
some propaganda in the Mayor's
office. In fact, former Chief Oaks
told me that I did not care about
being transferred, but I did dislike
the idea of being transferred be-
cause Central avenue wanted me
out," Lieut. Massey told the com-
mission. The witness then stated
that Chief Oaks informed him he
was arbitrarily ordered by the
Mayor to transfer Massey.

"At the same time I learned that
"Jim" Alexander, and others, have
been running to the Mayor's office,"
Massey declared. "Some persons
told me that Alexander had been a
frequent visitor to your office."
Massey said he told the Mayor
when he pressed him for further
details, and added he felt certain
negro politicians imposed on his
confidence by spreading propa-
ganda.

Lieut. Massey's testimony came
toward the close of a busy day,
packed with interesting evidence
from witnesses whose stories served
to give the public a glimpse of
this political back-stage. It opened
with the declaration by Chief of
Police Vollmer that he would not
be a party to any effort to remove
former Chief Oaks. Chief Vollmer's
statement was brought forth by
the release of him of two affidavits
charging former Chief Oaks with
misconduct in San Fernando sev-
eral weeks ago, and sent to him by
H. H. Kinney, Jr., Mayor.

The affidavits, Chief Vollmer
announced, were to be pigeon-
holed until the Heath matter was
out of the way. Lieut. Massey
was concerned.

"I will not be involved in any
way in the present political fight,"
he said. "I would mean disaster to
my place in improving the police de-
partment," he said. Then he placed
the affidavits in the pigeonholes of
his desk.

Mayor Cryer gave out the gist of
the affidavits with a statement that
they constituted the reason for the
discharge of Oaks as Chief of Pol-
ice.

"Comment is unnecessary," the
statement said. "They speak for
themselves. I have purposely re-
frained from giving publicity to
this matter since I did not wish
to do anything which could be
construed as an attempt to pre-
vent the evidence of the affidavits
of ex-Chief Oaks at the Heath hear-
ing."

"Since he has twice failed to
appear in court, it is evidently his
purpose not to appear unless forced
to do so, I see no reason for longer
delaying."

MISS MINTER IS FOUND

Film Star in Hiding Says She Wishes She Were 30,
to Get More Back Earnings From Mother

After spending what she characterized as "the two happiest days
of my life, because I did not see a single reporter," Mary Miles Minter
was found by a reporter for The Times late last night.

But Miss Minter made up for
time lost away from reporters by
declaring she has not "been
seared," but is only seeking seclusion,
that she is "still keeping ad-
vised as to mother's health," that
she has not signed any theatrical
contracts as yet; and that she will
be very grateful if anyone could
tell her that she is 30 years old, as
reported.

Miss Minter had only one re-
quest to make, and that was that
her "hiding place" be kept secret.

MISS MINTER'S statement of her
desire to be proven 30 years old, is
as follows:

"If the Los Angeles Times or
anyone else in this world can
prove that I am 30 years old, I
will be very grateful to them. I
supposed I was only 21 years old.
If I am really 30, I will be able
to collect from my mother a much
larger sum than I hoped to get."

The money I am seeking an
accounting for comprises my earn-
ings under my Leaky contract for
the past three years, or, in other
words, since I have been of legal
age in California. The three years
is on the basis that I am 21 years
old. My mother has always told
me that the legal age is 21 years,
therefore, I had supposed I was
a minor until my twenty-first
birthday. As a matter of fact,
however, legally I have been my
own boss for three years and did
not know it.

IF SHE WERE 30
"I have made considerable sums
of money in the show business and
the pictures in the years prior to
my eighteenth birthday. There-
fore, if I were now 30 I could
have more years of earnings for
which I could seek an accounting
from my mother."

In the meantime Mrs. Shelby is
expected to still too ill to be in-
terviewed. Miss Margaret, upon or-
ders of the family attorney, has
nothing further to say.

Word was received yesterday
from Shreveport, La., that Miss
Minter was born there on April 25,
1902, and named Juliet Reilly, ac-
cording to a birth record in the
office of the City Board of Health.
Her parents' names were J. H.
Reilly and Pearl Miles Reilly.

THEN FROM TEXAS
Word was also received from
Dallas that the correct age of Miss
Minter is 21 years. J. H. Reilly,
her father, confirmed the state-
ment of Margaret Shelby that Miss
Minter was born in Shreveport,
La., in 1902. He also denied that
he had made any statements to the
effect that Miss Minter was 30
years of age.

In September, 1912, the records
in the Juvenile Court in Chicago
gave her age as 10 when she ap-

CRAIG DENIES INTERFERENCE

Judge Says He Only Spoke to Kinney When Police-
man Complained of Unfair Treatment

In the absence of Judge Gavin Craig, who is on his vacation, F.
P. Harrington, secretary of the District Court of Appeal, gave out yester-
day a statement prepared by the jurist, denying interference on
his part in police matters.

The only time he ever spoke of
police matters was in a conversa-
tion with H. H. Kinney, the May-
or's secretary, in which he men-
tioned that "Sergeant Hackett had
asked him to intercede with the
Mayor on his behalf," he said. The
statement followed:

I am able to remember but one
occasion on which I have ever dis-
cussed any matter connected with
police affairs with anyone who di-
rectly or indirectly has any author-
ity in the management of that de-
partment. I will say specifically
that I have never talked to any
Chief of Police under Mayor Cryer
about any matter connected with
the performance of the duties of
the office of Chief of Police.

MANY COMPLAINTS
I have had numerous persons,
both in the department and those
having complaints against it, come
to me and state their views about
what should be done or not done,
and some of them have asked me
to talk to the Mayor or Chief of
Police or the Police Commission.
With one exception, I have never
discussed any matter with anyone
occasions informed them that I
had nothing to do with such mat-
ters; that, while I was interested
as a citizen, still my time was so
much occupied, both in the per-
formance of my official duties and
in my private affairs, that I could
not give even as much attention as
the average citizen to such subjects
as the ones in which they were in-
volved.

The one exception that I have
mentioned was that of Sergeant
Hackett. He related to me that he
had been dismissed from the police
force on accusations that were
false and which he had never
attempted to prove, that he had at-
tempted in various ways to be re-
cognized and reinstated, but that be-
cause of my prejudice engendered
through publicity connected with a
case—I think it was the Woodman
case—he had always been put off.

STAND BY TO REPEL ENEMY!

Chief Vollmer Warns City of
Hostile Army and Tells
How to Fight It

No better way for citizens
of Los Angeles to get ac-
quainted with August Vollmer,
new Chief of Police,
could be imagined than
through a series of articles
based on his investigations,
record and experience, which
will be published exclusi-
vely in The Times, starting
Monday and running daily
thereafter.

"The Army of a Million
Crooks" is the name which
George C. Henderson, the
author, has given the series.
Primarily a study of sci-
entific criminology, using facts
gathered from the records of
Chief Vollmer, president of
the International Association
of Chiefs of Police, during
his long service as Chief of
Police in Berkeley, the au-
thor has been able to clothe
the facts in an attractive
manner, with a remarkable
degree of suspense.

Each daily installment, al-
though related in contin-
uity to the whole series, is a
complete article in itself, and
will prove interesting and in-
structive.

AFFIDAVITS HIT EX-CHIEF OAKS

Former Police Head Said to Have Been Arrested

withholding from the public information to which it is entitled. The statement was addressed to the citizens of Los Angeles. The affidavits charged that Oaks had been arrested with a woman at San Fernando and had a half-gallon bottle of liquor in his car at the time.

The San Fernando police officer who arrested Oaks gave his affidavit as follows:

I, H. G. Brundrett, being first duly sworn, depose and say: That I am a resident of the city of San Fernando, county of Los Angeles, State of California; that I am a police officer in the said city of San Fernando and have been so engaged for a period of one year, and I have been such on the 15th day of July, 1923; that at about the hour of 10:30 p.m. on the night of said day, at which time I rang a call box, which call box is located in St. Xavier's place, located on San Fernando boulevard, my attention was attracted to a lone car standing about seventy feet from the main road without any lights.

NO TRAFFIC That there was no traffic on that street where the machine stood and very seldom is there any traffic on the said street at all; therefore I thought there would be cause for investigation; that upon my approach to the car I found it was a Cadillac touring car; that there was no one seated in the front of the car but in the rear of the car in the tonneau thereof I found a man and a woman.

The man and woman were clasped in each other's arms; I was then in each other's arms before I approached the car within about ten feet of the car because I flashed my spotlight on them and was therefore able to see them; when I came up to the car they released each other from the clasp, and I asked the man in the car what the idea was of parking there without lights and he replied, "I don't know." I then flashed my light in the front seat which was vacant and I discovered a half-gallon bottle containing whiskey; I then asked him who was driving the car and he said, "I am."

SUSPECT ARRESTED I then said, "You are under arrest," and he asked "what for?" and I said, "For having whiskey in your car," then the man got out of the car, leaving his companion in the car, and said to me, "Can I speak to you, officer?" and continued to walk around the rear of the car and met me on the other side of the car and thereupon he drew from his pocket a badge which looked to me like the regulation badge of the Los Angeles police department and said to me, "I am an officer from Los Angeles and

HELD ON CHARGES OF GIRL

Joe Sheldon Arrested After Margaret Hutchinson Says He Caused Her to Jump from Auto

Joseph Sheldon, 26 years of age, of 4926 South Tuttle street, Belvedere, was arrested yesterday on charges that his attentions had forced Margaret Hutchinson, 18, a telephone operator, to jump from an automobile. The arrest was made by Officers Davis and Willis of the University police.

Miss Hutchinson said she made her leap at Fourteenth and San Pedro streets. She received a fractured skull and bruises and was declared to be in a critical condition by Police Surgeon Chase. Miss Hutchinson lives at 4407 Kettler street.

She said she was waiting at the corner of Park street and Vernon street for street car to take her to work at the exchange at Eighth and Olive streets. She feared she would be late and as there was no car

we are just out getting a little fresh air," and he said something to the effect that he came here to have a little fun and enjoy himself.

I informed this man that I was sorry, but I could do nothing for him, and he would have to drive to the police station and see my chief and he said, "All right." As he was about to drive to the police station I flashed my light in the rear part of the car where the lady was sitting and noticed a hand bag and noticed in the hand bag which was open, another bottle of whiskey.

BADGE EXHIBITED As I reached in to get it the lady said to me that she would rather I would not molest anything in the hand bag and I informed her that I would take nothing out of it but what I was entitled to take. Then I got into the front seat of the car with the man and left the lady in the rear seat alone. As we rode down toward the police station I said to the man:

"Would you mind showing me your badge again?" and he handed me his badge. I took the badge in my hand and looked at it and noticed that it said "Chief of Police of the City of Los Angeles." I handed it back to him with the remark that I am sorry, but I will have to go on, and when we arrived at the police station I called my chief to the car in which we drove up and asked Chief Thompson if he knew this man and the chief says yes and says "Hello, Oaks."

I then told the chief the facts as related here in the presence of the man who was identified by Chief Thompson as Chief Oaks and also in the presence of the lady that was in the company of Oaks.

While I was riding with the said man Oaks and his wife companion and talking with them, their breaths smelled very strongly of intoxicating alcoholic liquor. Chief Thompson asked Oaks whether he was down here on official business and Oaks said yes; then the chief said that he had to return to my beat. The young woman companion with the chief was a very nice looking, very attractive, well dressed girl and about 20 years of age.

The facts as I have related them here is free and voluntary without any hope of reward or favor and without any threat and under no fear, malice, influence or intimidation. I am herewith stating all I know about this incident as it happened, free from coercion and malice.

The affidavit of the San Fernando police officer who arrested Oaks gave his affidavit as follows:

I, H. G. Brundrett, being first duly sworn, depose and say: That I am a resident of the city of San Fernando, county of Los Angeles, State of California; that I am a police officer in the said city of San Fernando and have been so engaged for a period of one year, and I have been such on the 15th day of July, 1923; that at about the hour of 10:30 p.m. on the night of said day, at which time I rang a call box, which call box is located in St. Xavier's place, located on San Fernando boulevard, my attention was attracted to a lone car standing about seventy feet from the main road without any lights.

NO TRAFFIC That there was no traffic on that street where the machine stood and very seldom is there any traffic on the said street at all; therefore I thought there would be cause for investigation; that upon my approach to the car I found it was a Cadillac touring car; that there was no one seated in the front of the car but in the rear of the car in the tonneau thereof I found a man and a woman.

The man and woman were clasped in each other's arms; I was then in each other's arms before I approached the car within about ten feet of the car because I flashed my spotlight on them and was therefore able to see them; when I came up to the car they released each other from the clasp, and I asked the man in the car what the idea was of parking there without lights and he replied, "I don't know." I then flashed my light in the front seat which was vacant and I discovered a half-gallon bottle containing whiskey; I then asked him who was driving the car and he said, "I am."

SUSPECT ARRESTED I then said, "You are under arrest," and he asked "what for?" and I said, "For having whiskey in your car," then the man got out of the car, leaving his companion in the car, and said to me, "Can I speak to you, officer?" and continued to walk around the rear of the car and met me on the other side of the car and thereupon he drew from his pocket a badge which looked to me like the regulation badge of the Los Angeles police department and said to me, "I am an officer from Los Angeles and

DARK TRAILS TO CITY HALL SEEN

against Capt. Heath and the political machine. Sandwiched between the Vollmer statement and the closing of yesterday's hearing, which is to be resumed this morning at 10 o'clock, was a statement issued by Gavin W. Craig, Associate Justice of the District Court of Appeal, denying that he interfered with the conduct of the police department.

The trend yesterday's testimony appeared to sweep some of what from Capt. Heath personally and broaden out into the fields of political influence and other closely related matters. Several witnesses testified under the oath of office, and the efficiency of Capt. Heath and his integrity never was questioned.

The tribulations of the Police Department were described at length by Richard Hill, First Deputy Chief of Police, who testified that he had been a member of the police department for many years. He testified that he had been a member of the police department for many years. He testified that he had been a member of the police department for many years.

Central avenue, he testified, who directed him to Ealey. That worthy, whose arrest caused a scandal and his indignation, testified that he had certain revelations to make concerning "higher ups" told Massey he wouldn't help him. The officer testified, saying that it was "none of his business." After convincing Ealey that it was a matter of importance to him, Massey stated, Ealey took him to a friends of certain members of the department, who in turn told him he knew nothing of it. Massey then charged Ealey with starting the affair, he testified, and told him to quit associating with gamblers and drug-peddlers and go to work or he would arrest him for vagrancy. Another person, Lt. Massey, he did not interview, as he knew him to be a bootlegger.

Atty. Nimmo effected an interest in Massey's testimony where it touched on Lt. Ferns' appointment, and asked the witness if Heath did not tell him, when replacing him, that Ferns was a good clerical man, and that he wanted Ferns in charge of the vice squad in order to institute a system of cost-accounting in the vice work. Massey refused to say anything of the nature was discussed.

DIDN'T KNOW MASSEY In questioning Lt. Massey, Mayor Cryer brought out the fact that he did not know the witness, and that if he had told Oaks he wanted Massey removed from the vice squad it was on the representation of the vice squad. "Your subsequent retransfer back to the vice squad shows that I changed my mind, does it not?" asked the Mayor.

"Yes," answered Massey, "I knew you had been imposed on by the Central avenue racket." Lt. Massey, in testifying concerning outside influence exerted on members of the vice squad, recalled the instance of one A. S. Farris, in front of 815 North Broadway for asserted violation of the city ordinance, in which J. King, who once ran for councilman, approached the officer with the statement that he had been working with the Mayor for Mayor Cryer assembling evidence against Massey and Officer Schubert, another member of the vice squad, and told the Mayor to stay on the other side of the street, that he had influence with the Mayor and he had Massey removed from the vice squad and could do it again. Mayor Cryer laughed, and asked if King was "drunk" at the time. King replied that he was not, but that he was a man, he later qualified, was the book at the city jail and is now out on \$500 bail, awaiting trial.

URGES HIGHER BAILS Raids on gambling joints and bookmaking were gone into exhaustively by Lt. Massey. He stated that on one occasion the clerk had refused to accept a recommendation of Lt. Massey that seven men arrested for gambling be held in \$500 bail, the clerk declaring that he himself was running that racket. The Massey said that the courts often reduced bail of gamblers to \$10, which he said was a very low figure. He said that he would like to see higher bail would assist in cleaning up the gambling situation.

Capt. Hill cupped almost the entire time of the morning session, being asked numerous questions by the commissioners and Prosecutor Friedman. Captain Heath practiced law while in command of University station in 1919, Hill testified. The conversation told of Heath's actions in regard to formulating a Councilmanic ticket to be pressed among members of the department, the conversation between former Chief Oaks and Heath on the subject of the ticket were recounted at great length by the witness. Commissioner De Coe elicited the information that as far as Hill was concerned, Heath dropped the ticket matter.

In answer to questions, indicating that Oaks actively supported the candidacy of his brother Wallace, Capt. Hill declared that the former chief did not favor the candidacy of his brother and that of George Jeffers, his secretary at that time. The witness said Chief Heath was a matter of great importance to him, and that he was a candidate for the position of Mayor. During this part of the testimony, Mr. Jeffers, who was an unsuccessful candidate, watched the proceedings from a doorway.

CRAYER ASKS QUESTIONS The only act on Heath's part that could be construed as insubordination to the Chief, Hill said, was the captain's curt reply to Oak's letter in regard to the placing of Lt. Ferns in command of the vice squad. Hill said that due to the vice squad being a continual storm center the personal and commander of that department was a matter of great importance to the Chief and that he should be consulted concerning changes. The vice squad, due to its importance, Capt. Hill said, should be a separate division. It is now an adjunct of Central division, of which Heath has been commander prior to his dismissal.

Mayor Cryer, in a husky voice, insisted that the resignation of Capt. Hill, to ask him if any interference in the police department on the part of the Mayor had ever come to his attention. Capt. Hill answered that the Hackett case was such an instance.

Capt. Hill said that Parrot was in the custom of talking to Oaks, and that Oaks thought he was a matter of great importance to him, and that he was a candidate for the position of Mayor. During this part of the testimony, Mr. Jeffers, who was an unsuccessful candidate, watched the proceedings from a doorway.

WORKERS' CLAIMS UNUSUAL

Complaints Tell of Toxemia from Sewer Gas, Injuries in Slip and Attack by "Another Employee"

With Warren H. Pillsbury, referee of the State Industrial Commission, in Los Angeles to conduct special hearings, an unusual number of claims are being presented to the commission. Among the number are several containing features out of the ordinary.

One of these is the claim of Joseph M. Nelson, 205 North Flower street, who asks approximately \$150 for illness asserted to have resulted from "breathing air poisoned by being filled with poisoned sewer gas and ground mold, coming up through the floor of the workroom." The workroom referred to is that of Will S. Kenyon, at 205 South Figueroa street, and the claim is filed against Mr. Kenyon.

Another case is that of Marie I. C. Johnson, a nurse, 63 years of age, whose home is at 310 Clay street. She has filed a claim for \$1000 damages for injuries asserted to have been received through slipping on a stairway in the home of a boarder.

This claim is filed against Mary Anne McDonald and her son, Walter, who reside at 310 Clay street.

Denton Murder
Case Ends With
Return of Ring

The last phase of the famous Denton murder case, for which Mrs. Lottie Louise Denton is serving a life sentence at San Quentin, was cleared up yesterday when the ring, which formed one of the links in the chain of evidence against the woman, was returned to Judge Avery, administrator of the Denton estate.
The return of the ring, which had been pawned by Mrs. Denton after the murder of Denton, is the final chapter in the famous murder drama.
After the conviction of Mrs. Denton, Judge Avery, acting as administrator of the estate, instituted suit to recover the ring, the value of which was placed at \$600, and which is assumed to have been taken from the murdered man by the woman who killed him.
The suit has been pending for two years. Yesterday, however, Attorney Rush Blodgett, representing the administrator, and Attorney Warren Williams, acting for David Zernansky, pawnbroker, announced after a conference that the ring has been returned to Judge Avery.

SESSION WORK HEAVY
University Season One of Most Successful in History

With the conclusion last Saturday of its six weeks' summer session, the University of California Southern Branch, wrote final to one of the most successful summer sessions of its history.
The student body, which represented all parts of the globe, numbered 3240, and teachers from all over the country were assembled to conduct special courses and series of lectures. According to University records, the most popular classes proved to be those in criminology, by Dr. R. B. Gault; in psychology, by Dr. Virgil Dickson and Dr. De Busk; in educational methods by Dr. E. C. Moore and A. C. Olney; and in Americanization by Dr. A. E. Jenks and F. P. Woellner.
In addition to the regular curriculum at the university there were also conducted a series of public lectures on topics of the day, a special music series, the institute of tubercular workers under Dr. Philip P. Jacobs of New York, the health crusade and the institute for public health nurses.

CHAPTER ORGANIZED
Dr. Bogardus Heads Social Worker Branch Here

With twenty charter members, a local chapter of the American Association of Social Workers was organized yesterday. Dr. Emory Bogardus, head of the department of sociology at the University of Southern California, was elected president. Dr. Miriam Van Waters, referees of the Juvenile Court, vice-president, and Miss G. Eleanor Kimble, secretary.
It is the purpose of the chapter to co-operate with the national organization in working with agencies and universities in the training of social workers, assisting in national surveys of hours of employment and wages paid, and in the protection and development of those engaged in welfare work throughout Southern California.
Monthly and special meetings will be conducted at 220 Coulter Building, to which persons interested in social betterment are invited.

Will War on
Alien Income
Tax Evaders

Aliens who make false statements to evade the income tax laws before leaving the United States are going to come in immediate conflict with the law, according to Collector of Internal Revenue Goodell. A campaign to round up agents who are said to be making a lucrative business of coaching the evaders of the tax, has also been launched.
The penalty for the tax evasion in such cases is a fine of \$10,000 and two years' imprisonment. One alien has already been apprehended. It is asserted that certain agents, while ostensibly acting as interpreters, encourage aliens to make false affidavits upon their application for clearance papers.

Two Million

TODAY the September number of The American Magazine announces more than 2,000,000 circulation.

Six months ago the announcement was more than 1,900,000. A year ago, more than 1,800,000. For eight years the steady growth has continued—an average of 100,000 new buyers every six months.

"What are the limits to the growth of this magazine?" people ask; just as they have been asking for years: "What are the limits to the market for automobiles?"

THE two questions, and their answers, are essentially one.

The great craving of all living creatures is for larger life. The automobile answers that craving. It destroys distance; it shatters the fetters of locality; it opens the door of a broader neighborhood.

The American Magazine answers the same craving. It carries us into the company of people who are living and doing effectively. It supplements our enthusiasm. It ministers to our self-confidence. We lay it down with the fine assurance that we can do more and be more than ever in the past.

If the automobile companies were merely selling cars, if The American Magazine were merely selling literature, it would be fairly easy to measure their possible market.

But who can measure the demand for larger living?

Who knows the limit to the craving for life?

Smart Plain White Wool Skirts of Distinctive Utility

200 Skirts, formerly much higher priced and of a popular material and cut as to seldom be found at a reduced price, invite the inspection of all golfers Friday.

—Not by any means that these are exclusive golf skirts but they are made in a manner that, for the links, is most comfortable—and in the white material which on the club veranda presents a fetching appearance. But they are equally good for the general wear, extra, light skirt, of which the well-dressed woman generally has several in her wardrobe.

—In Flannel or Bedford Cord, cut in trim wrap-around style—August Clearance price, \$7.00.

—Also a few skirts in striped silks at same price.

500 Prs. Sportswear Shoes, Half Price Clearance from Bullock's Sportswear Store

—Do you realize what that means? What value? What saving? The half-price tickets on the tables of shoes which will be shown mean half of the original price asked—but half of the August Clearance Reduction Price in many cases.

—And here is a wonderful assortment differing only from new merchandise, in the lines and sizes are broken and they must be cleared away to make room for other stock in complete size range.

—Here you will find white Nubuck, one or two strapped pumps, trimmed; white nubuck or kid oxfords, white kid strap pumps and oxfords; patent leather one-strap pumps, gray suede oxfords with patent leather trimming; black or tan Calf walking oxfords, and others of which there are but several of the kind, but perhaps just the one for you. Prices range now from \$3.85 to \$11—for Friday these shoes go on sale at one-half of that. Does it not merit investigation?

District President Launches Auxiliary of Daughters

Mrs. Charles H. Toll and Her Family

Standing, left to right, Gerald, Carroll, Charles H. Jr., seated, Mr. Toll, Mrs. Toll and Maynard Toll.

THE new president of the Los Angeles District Federation of Women's Clubs, Mrs. Charles H. Toll, in all her activities in an ever widening circle of influence.

places first of all her home and motherhood. At the first meeting of the executive board of the district Monday she organized a junior auxiliary, whose membership will

include daughters of clubwomen from the five counties which make up the district. It is anticipated that in the coming year this will be a vital part of the State club work.

With this lightening bolt, Mrs. Toll, who has been a member of the Los Angeles District Federation of Women's Clubs since 1918, has added another chapter to her life.

In My Garden.

By James A. Curry

Just now when dahlias are coming into bloom I cannot help but ponder on what a difference size makes in certain kinds of flowers. Of course, many of the experts and professional growers seek only size, whether it is in roses, gladioli or sweet peas, yet some of them might take a lesson from the dahlia. No doubt you recall your grandmother's garden and I doubt if there was a more charming and less attractive flower in the garden than the old-fashioned show or quill dahlia, for really the only thing that it had to recommend itself was its brilliant coloring. Look at a garden today and notice how beautiful and decorative flower it is when reduced in size, equipped with an adequate good stalk and called a pompon dahlia. Both flowers are alike except as to size, but the smaller one in addition to brilliant color has grace and charm. When these qualities are considered it is surprising to me that these little gems are not more generally grown.

DON'T TOY WITH NEW PHONE USERS URGED

The traffic department of the telephone company is wondering how many persons will consider their new automatic telephones, which have been installed and will enter service Saturday night, as toys to be played with until the novelty wears off. Records of past changes of similar nature have almost invariably resulted in hundreds of people wanting immediately to try them out, with the result that the central station became for a time almost a madhouse. On Saturday night some 15,000 telephones in the business district will be cut over to the new Olive station and their owners will find themselves using automatic instruments instead of having to call a number through a central operator. The warning issued by the management of the company is: "Do not play with the new telephones." To do so will inconvenience persons who have business to transact, as well as cause a great deal of trouble to central-station employees.

Automatic telephones are to be installed in all principal cities of the Netherlands.

Diet and Health

By Lulu Hunt Peters, M.D.

FEEDING THE FIRST YEAR

Directions for the Diet from 6 to 12 Months—Paper 1

Very much depends upon the child's getting the right start in eating the foods necessary for childhood while it is still an infant—in reality, while it is still a very young infant, six months old, mother! Even the nursing babies, who are fed on milk alone, are times even before the fifth month, many eminent children specialists begin to teach the baby's digestive tract to care for solid foods and the baby himself to like them. This sounds like heresy, I know, to some of you who have thought that nothing except milk and orange juice should pass through the baby's lips until well into the second year.

It used to be thought that young babies could not digest starchy foods, nor any foods except milk. But it has been proved that the power to digest other foods begins to develop as early as the fifth month. If the development is done very gradually, it is upon the gradual and careful introduction of the infant that the principle of the child's new food in the diet is founded.

Beginning with not more than one-half a level teaspoonful and increasing at the rate of not more than a half level teaspoonful every other day, strained cereals and pureed vegetables are introduced sometimes as early as the fifth month. The first teeth make their appearance from the fifth to the eighth month, and perhaps Nature takes that method of telling us that solid foods may be started.

One of the chief reasons for introducing other foods early is that milk is deficient in iron and may be deficient in vitamins. The baby comes into the world with a store of iron in its liver, but by the sixth month this begins to be exhausted. As there is a very small amount of iron in human milk and cow's milk, we have to think of supplying other foods for this vital element.

Since we are beginning to feed babies solid food much earlier than we formerly did, we have very many cases of anemia, scurvy, rickets, and malnutrition. But, mothers! Because we are beginning to feed the babies early does not mean that we do not still continue to condemn giving tastes of things to babies from the table. That is usually dangerous. So often babies are given tastes of things they should not have and out of their regular feeding time.

The baby should have its little bit of solid food, but only foods that its little intestinal tract can handle and they must be given only at its regular feeding time. Irregularity in feeding and the feeding of foods that babies should not have both are bad.

During the hottest days of the summer you should take most of the clothing off your babies. Do not be afraid to change the weight of the clothing, putting on warmer clothes as it gets cooler during the day, and taking them off or putting on lighter weight clothes during the hottest part. Babies suffer terribly from the heat if they are too warmly clothed.

Give them cool sponge baths frequently if it is very hot and let them drink freely of cooled boiled water.

During the hottest days, if they are bottle-fed, it may be wise to dilute the formula a little with boiled water. The older children may have to have their diets reduced a little, too—unless, of course, they have been under eating.

My Dear Mothers: When sending for material which we offer you, please remember to enclose a stamped envelope bearing your full name and address. The receipt for the material is the only one for which you must enclose a stamp. Make these letters as you see fit. Make them as long as you like, but over 250 words, and type.

A FREE demonstration IN YOUR OWN HOME does not obligate you in any way and here is your opportunity to install a washer that performs the same work at less than half the cost. Buy a DAWN and bank the balance.

Wheary Trunks at \$57.50

—These, too, are of rigid tested construction; they're bound all round with steel bands and each is equipped with combination laundry bag and dust curtain in addition to other convenient features.

Wheary Majestics at \$69.50

—The rigid tested construction, steel runners and multiple control lock place these trunks in a place by themselves; exceptional at this price, too.
